EIQASFISH'16

*International Conference on
Emerging Issues in Quality and Safety of
Fish and Shellfish*

10th and 11th February 2016

Chennai, Tamil Nadu, India

Abstract submission deadline : 11 January 2016
Submit your abstract at tnfueiqasfish15@gmail.com
Website : www.tnfu.ac.in

Background

Fish and shellfish are the most nutritious and proteinaceous animal food rich in health beneficial omega-3 fatty acids and essential amino acids. As they are highly perishable, continuous monitoring of quality and safety is of paramount importance. Production of fish and shellfish through aquaculture leads to special kinds of quality and safety issues unlike wild caught fish. Important quality issues dominating in the present scenario are mainly due to chemical residues and microbial contaminations. Issues of traceability and authenticity are also of major importance to prevent adulteration in international markets. EIQUASFISH'16 is organized by the Department of Fish Quality Assurance & Management, Fish Quality Monitoring & Certification Centre, Fisheries College & Research Institute, Tamil Nadu Fisheries University (TNFU) to provide an ideal opportunity for the scientists, academicians, researchers, students, policy makers and industrial persons to present their project findings and experiences in the field of fish safety and quality assurance and to discuss, debate and resolve the issues to arrive at a perfect solution for the seafood industries.

Objectives

The main objective of this event is to deliberate on the emerging quality and safety issues in fish and shellfish as well as to devise suitable means to effectively deal with the issues for the successful growth of seafood industries.

Major Themes

- ✓ Microbial Hazards - Bacterial, viral, fungal pathogens, parasites
- ✓ Chemical Residues - Antibiotics, pesticides, heavy metals, hydrocarbons, food additives, biotoxins
- ✓ Quality Indices - Microbial, biochemical, nutritional, sanitary status
- ✓ Quality Assessment - Sensory, physical, bio-chemical, microbiological, molecular, immunological
- ✓ Authentication - Molecular and protein markers

Submission of Abstracts

You are invited to submit your abstract of original research papers not exceeding 250 words in any of the theme areas, along with the completed registration form through online or via email tnfueiqasfish15@gmail.com. The copy of the registration form is available on the website: www.tnfu.ac.in. The last date for the submission of abstract is 11 January 2016.

Publications

All the special lead lectures, accepted abstracts and research papers will be included in the Digital Library to form part of our University database of innovative research. EIQUASFISH'16 Publication will be sent to be reviewers for their inclusion in the ISBN Conference Proceedings.

Awards

Best paper in each theme area will be awarded to the young researchers below 40 years.

Registration fee

Registration shall be done online in the website www.tnfu.ac.in. Registration includes working lunch and Conference kit. Registration fee should be drawn in favour of the Professor & Head and Convener EIQUAFISH'16 payable at Tuticorin (INDIA) and send to the address given below. Fee can also be paid through wire transfer to SB A/c No. 364902010104969 (IFSC code : UBINO536491). Registration confirmation and receipt will be sent via email tnfueiqasfish15@gmail.com. No refund of registration fee will be entertained.
